Dear Madam, Dear Sir,

hereby I request:

(1) a written confirmation on the status and decisions done with my petition 1229/2013. In case the petition has been closed, kindly let me know when you have informed me in writing about this (and send a copy of the paper).

- (2) all activities of the so called PETI Case Manager and the name of this person since this, my petition has reached the petition committee.
- (3) all other activities the Peti Secretariat and its chair Cecilia Wikström have made and is aware of for this petition.
- (4) Further I would like to know if my case has been mentioned verbally and in writing when there was the fact finding committee in UK last year. (I can proof that I have informed MEPs and requested to do so as soon I got to know the members). Kindly let me know what activities have been taken.
- (5) I would like to know who has decided to have a hearing about my case on 3rd Dec 2015 as it seems perfectly clear to all that the PETI Secretariat and its chair have not done what was promised (not only what was said from the the chair at the end of the previous hearing on 11th Nov 2014).
- (6) I would like to know who of the MEPs was in the hearing on 3rd Dec 2015 while I spoke. Please send me a name list. Especially I would like to know whom of the German Speaking MEPs (Germany, Austria) was there ? I was informed in advance from the assistant of Mr Becker (Austria) that Mr. Jahr will take care of the case. Even I had sent emails and spoke very brief to Mr Jahr in the morning (as he was in a hurry to go to the toilet) neither he or Mr Wieland were there in the afternoon.

To avoid misunderstandings I want all the existing documents to all these questions. The status information of my petition ASAP in advance. The other information within 21 working days.

Klaus Zinser

Dear Mrs Wikström, Dear Mr Sjöberg,

before you close my Petition 1229/2013 – as you said yesterday – kindly let me know what has happened in reference to your wording when you said 'the commission has to deliver':

<https://archive.org/details/20141111BrusselsPetition12292013KZCompleteEN> (last 2 mins)

In refence to your comments about my Freedom of Information requests, i had done this because Mrs O'Reilly rejected twice to investigate. After i talked to her around two month ago, it seems there would be more cooperation.

<https://archive.org/details/20151022EUOmbudsmanEmilyOReillyBrusselsSpeechQA> (Most important from min 35:30) Thats public information that won't go away.

I have tried to be nice in not mentioning that i also did not get the requested petition of a French father with a very similar situation, having his child with the mother in Germany. Neither mentioning that PETI did not follow up the request from Wieland/Wikström to start infringements

against UK. why has my petition not be take up when the nighly paid Fact Finding Commission had been in UK (where i still have not seen a report).

There is another proof that the Commission (Viviane Reding and her Department have failed not only in June 2013):
<http://www.asktheeu.org/en/request/2274/response/8042/attach/html/9/letter%20of%2007052015.pdf.html>

@Peter Jahr we spoke briefly in the morning and i am upset that neither you, Rainer Wieland (i had requested several times to talk to you) and neither Mr.Becker (i was told from his assistant that Mr Becker is not there but your Party Group will take care). Mina Petrucci is not allowed to talk and the comments from Mrs Petera – if we know the child is okay, we don't need the 2nd Parent – is horrible.

Promoting mediation when EU laws are violated is the wrong solution. This supports the violation of laws. I am sure this would not be said when a father abducts a child and the mother is in front of the petition committee.

Dear Mrs Wikström, Dear Daniel,

yesterday around 11:20 i had briefly talked to Daniel. As Mrs Wikström had said on 11th November 2014 in the PETI Hearing, '... the Commission has to deliver. Full stop.'

As the EU Commission has not sent a formal letter since then to UK to start infringement proceedings on violation of EC2201/2003 (Brussels IIa) I would like to make a suggestion to make sure they will do this and if not, Luxembourg court can look on this even without the commissions activity/support. Therefore I have spent a few hundred Euros of my private money on a lawyer to investigate. It would also be a general rule to make sure the EU Commission gets active on requests from the EU Parliament/PETI.

Therefore I would like to talk to one of you coming Friday when I am back in Brussels.

Klaus Zinser

Dear Mrs Wikstrom, dear Daniel,

tomorrow Monday to Wednesday
I am in Maastricht on a
conference (my work related).

From Wednesday evening to

From Saturday evening to
Friday I am in Brussels.

In one way I was told that I
should give up fighting for
contact with my child and that the
EU Commission will not even
consider infringement
proceedings against UK
(EC2201/2003 - Brussels IIa; my
Petition 1229/2013; they have
never sent the formal letter to
UK).

On the other side, it seems I have
figured out that there is a
possibility to put up some serious
pressure on the EU Commission.
Therefore I have a suggestion that
I would like to discuss in private.

Is there a possibility to talk to
personally to you, Mrs Wikström
and/or to Daniel on 5th or 6th
June 2015 (10 minutes is enough)
? I have a document with me.

Kind regards,
